

Eye-V™ Moisture Boost Hydrogel Patches

WHAT ARE THEY?

These innovative, super-charged Hydrogel Eye Patches deliver a boost of intensive hydration to the eye area to combat the appearance of puffy, stressed or fatigued eyes. Featuring ThermoReact™ technology, an innovative delivery system that works with your skin's temperature, and powered by patented ingredients SIG-1191™ and I-FIL4R™, Nerium's Eye Patches offer benefits that appear like an instant "eye lift."

WHAT DO THEY DO?

- **Eye-V Hydrogel Patches' 5 Key Benefits:**
 - Hydrate the eye area
 - Brighten the look of the eye area
 - Firm the look of the skin
 - Reduce the appearance of puffiness
 - Diminish the appearance of fine lines
- **Fight the appearance of:** Dryness • Puffiness • Lines • Wrinkles
- **Perfect for use on:** The skin under and around the eye area
- **Ideal for all skin types:** Dermatologist and ophthalmologist tested

WHAT'S IN THEM?

Key Ingredient	Function
Hydromoi [*]	Superior hydrator that helps retain water in the skin.
SIG-1191	A patented, exclusive ingredient that works as an antioxidant and skin hydrator.
I-FIL4R	An exclusive ingredient derived from white lily and Brazilian ginseng that is known to help reduce the appearance of puffiness, fine lines and dark circles.
Aloe vera leaf water	Nutrient-rich water that includes moisturising and hydrating agents.
Glycerin	Derived from lipids, this skin humectant absorbs moisture and supports skin's natural barrier.
Echinacea extract	Echinacea is a botanical known for its age-fighting and astringent benefits.
Lavender	Natural botanical known to calm and soothe skin.
Green tea	A well-known antioxidant that guards against environmental damage.

IN AN INDEPENDENTLY CONDUCTED CONSUMER STUDY:

- 86% of participants reported the patches felt calming and refreshing to the skin.
- 82% of participants reported the patches provided a boost of intensive hydration.
- 77% of participants reported the patches reduced the appearance of puffiness.

WHAT'S NOT IN THEM?

Parabens, colourants, DEA, Synthetic fragrance.

WHEN AND HOW DO I USE THEM?

- Open a pouch and pull out the tray containing two delicate eye patches.
- With gentle pressure, swipe the tip of your index finger along the "N" side of the patch to remove it from the tray.
- Apply one onto the clean, dry under-eye area. Repeat on other side. (Apply with the "N" facing away from the skin).
- For optimal benefits, use one treatment each week. The patches can also be used as a quick pick-me-up before date nights, after late nights or after long flights.

- Relax and enjoy for 20 minutes as the ingredients soak into the skin. The patches will stay in place after application, so you can easily move around while wearing them.
 - Gently remove and discard after use then softly pat remaining serum onto the skin.
- NOTE: Product must be used immediately after pouch is opened.

PRODUCT FEATURES:

- Can be used as a complement to our Age-Defying Eye Serum for a complete age-defying eye regimen or as a standalone product.
- This hydrating formula is crafted with a high concentration of nutrient-rich aloe leaf juice water, glycerin and Hydromoi^{*} (polyglutamic acid) to supply moisture to the skin.
- The innovative ThermoReact technology guards and preserves the nourishing ingredients until the patches are applied, delivering key ingredients to the skin. The skin's natural temperature unlocks the key ingredients for the appearance of an instant "eye lift."
